CAVEAT

The vast majority of the salaries/benefits in our athletic department is associated to administrative duties not attributable to a particular sport or sport. For example, three of full-time employees also have duties as academic advisers for student-athletes of all sports. The compensation package they received only includes a small portion of coaching duties specifically attributable to a particular sport. Therefore, we have a large number of expenses (mostly salaries and benefits) not allocated by gender/sport.

Total Revenues - Men's and Women's Teams

Your total revenues must cover your total expenses.

Enter all revenues attributable to intercollegiate athletic activities. This includes revenues from appearance guarantees and options, an athletic conference, tournament or bowl games, concessions, contributions from alumni and others, institutional support, program advertising and sales, radio and television, royalties, signage and other sponsorships, sport camps, state or other government support, student activity fees, ticket and luxury box sales, and any other revenues attributable to intercollegiate athletic activities.

Report actual numbers, not budgeted or estimated numbers. Please do not round beyond the next dollar.

CAVEAT

Because most of the compensation of our full-time staff is a result of their administrative duties in the athletic department much of the revenue is the result of institutional support that funds salaries and benefits not attributable to a particular gender/sport. Therefore, Revenues not attributable to a particular sport or sports is higher than anticipated.
