

## RESOURCES FOR PSYCHO-EDUCATIONAL EVALUATIONS

\*Note: The provision of this resource list is for informational purposes only, and does not mean that Rock Valley College endorses the practitioners/clinics listed below. Because psycho-educational evaluations can be very costly, it is strongly encouraged that students do their own investigation of the agency prior to arranging an evaluation to ensure that all costs are fully understood. In addition, although we strive to ensure that the information below is as up-to-date as possible, it is recommended that this information be confirmed prior to arranging any services.

Special Note: If you are eligible for health insurance coverage, we suggest that you contact your provider first, before consulting with the below listed resources, as it may be possible that your insurance provider can recommend an in-network provider at a reduced cost.
